

In the claims:

Please amend the subject claims as follow:

1. (Currently amended) A garment hanger retail package comprising:
at least one garment hanger having a suspension member and two support arms
extending from opposite directions of said suspension member for supporting a
garment having two shoulder portions;
wherein the top surface along each support arm is configured to provided a
smooth support for the corresponding shoulder portion of said garment; and
a display tag having a display area positioned substantially vertically above one
or both of said supporting arms for displaying sales information related to said
garment hanger.
2. (Cancelled)
3. (Canceled)
4. (Original) The garment hanger retail package of claim 1 wherein said
display tag further comprising a flap having a hole for engaging the suspension
member of said garment hanger.
5. (Previously presented) The garment hanger retail package of claim 1 wherein
said display tag further comprising at least two holes positioned for attaching said
display tag to said garment hanger.

6. (Previously presented) The garment hanger retail package of claim 1 further comprising at least two separated fasteners for securing said display tag behind said garment hanger and for providing a full frontal view of said garment hanger in a store.

7. (Cancelled)

8. (Original) The garment hanger retail package of claim 6 wherein said garment hanger is an adjustable width hanger having two stationary supporting arms and two movable arms configured to adjust the width of said hanger, wherein said fasteners are attached either to the medial portion or the stationary arms of said hanger so as not to interfere the motion of said movable arms.

9. (Previously presented) The garment hanger retail package of claim 1 wherein said package comprises at least a first and a second garment hanger, said first garment hanger is positioned in front of said display tag, and said second garment hanger is positioned behind said display tag.

10. (Previously presented) A garment hanger retail package comprising of at least a first and a second garment hanger; each garment hanger having a suspension member and two support arms extending from opposite directions of said suspension member for supporting a garment; and a display tag positioned in front of said second garment hanger and behind said first garment hanger, said display tag is further provided a display area extending along the extension of said support arms.

11. (Original) The garment hanger retail package of claim 10 wherein said display area is positioned substantially on top of said support arms.

12. (Previously presented) The garment hanger retail package of claim 10 further comprising fastening means for attaching at least two points of said first garment hanger to said display tag.

13. (Previously presented) The garment hanger retail package of claim 12 wherein said fastening means comprises a flap folded from said display tag.

14. (Previously presented) A garment hanger retail package comprising:
at least one garment hanger having a suspension member and two support arms extending from opposite directions of said suspension member for supporting a garment;
a display tag positioned behind said garment hanger for providing a full frontal view of said garment hanger and for defining a display area; and
fasteners provided for attaching at least two points of said first garment hanger to said display tag.

15. (Original) The garment hanger retail package of claim 14 wherein said fasteners comprise a transparent tape.

16. (Original) The garment hanger retail package of claim 14 wherein said fasteners comprise a tape similar in color to a portion of the hanger fastened by the tape.

17. (Original) The garment hanger retail package of claim 14 wherein said fasteners comprise a flap folded from said display tag.

18. (Previously presented) A garment hanger retail package comprising:
at least one garment hanger having a suspension member and two support arms
extending from opposite directions of said suspension member for supporting a
garment; and
a display tag positioned behind said garment hanger for defining a display area
and for providing a full frontal view of said garment hanger, wherein said display
tag comprises a folded flap engaged with the suspension member of said
garment hanger.

19. (Original) The garment hanger retail package of claim 18 wherein said
folded flap comprises a hole for fitting said suspension member.

20. (Original) The garment hanger retail package of claim 18 wherein said
hole is provided by at least one slit.

21. (Original) The garment hanger retail package of claim 18 wherein said
display area is positioned substantially on top of said supporting arms.

22. (Currently amended) A garment retail package comprising:
at least one garment hanger having a suspension member extending from a
medial portion;
first and second support arms extending from opposite directions of said medial
portion for supporting a garment having two shoulder portions;
wherein the top surface along each support arm is configured to provided a
smooth support for the corresponding shoulder portion of said garment;
wherein a space positioned vertically above said first support arm defines a first
display region; a space positioned vertically above said medial portion defines a
second display region and a space positioned vertically above said second
support arm defines a third display region;

said garment hanger retail package further comprising a display tag having a front facing display area positioned substantially on top of said first and/or third display regions.

23. (Original) A garment hanger retail package comprising:
at least one garment hanger having a suspension member and two support arms extending from opposite directions of said suspension member for supporting a garment;
a display tag positioned behind said garment hanger enabling said retail package to display a full frontal view of said garment hanger; and
attaching means provided for attaching said display tag with said garment hanger.

24. (Original) The garment hanger retail package of claim 23 wherein said attaching means are defined by one or more fasteners having a color similar to the color of said garment hanger.
